Act For Grants – Who are we?

Act For Grants – A4G is a NGO working in the field of non-formal education. Acting at the European level to promote active citizenship and intercultural exchanges, A4G also organizes seminars, training courses, workshops in order to stimulate the exchange of knowledge, competences and experiences in social and cultural fields.

Act for Grants CIC is a new established organization which was formed in the summer of 2016 out of passion for non-formal education and active involvement of young leaders in the community. The goal of the Act for Grants CIC - London, is to help the sector of youth education by organizing local and international training courses, experience exchanges, and enrich the knowledge of the participants by using non-formal education. We work on implementing strategic partnership projects, with different partners, from public and NGO sector, in UK territory and across EU member states. A4G aims to promote educational, cultural, touristic, ecological, scientific research and promote cutting-edge technologies. We believe in improving quality of life, health and social activities of the people and communities, in relation to sustainable future development. A4G aims to develop critical mind of the participants and of the local community in order to bring them to be involved as active citizen for a better mutual understanding and social cohesion. It acts on the local, national and European level for the equal access to knowledge and culture, for the professional integration, for the promotion of tolerance and European awareness.

APPROACH

The training course will be based on the **specific needs of the participants and their organisations** and will be **highly participatory**. Diversity, e.g. in the group of participants, will be considered as a resource for the **building-up and transfer of competences**. There will only be few frontal lectures, the main part of the training course will be delivered in the form of **practical sessions implemented by the participants in a learning-by-doing fashion**. The facilitators will take care of creating a **supportive and safe learning environment**, where participants are encouraged and coached while **mastering challenges** that contribute to their **personal, professional and organisational development**. Special attention is paid to making the learning points of the training course **relevant, sustainable and transferable**, eg by giving **ample room for reflection and assessment**, by producing exhaustive documentation and by providing templates and guidance for **tailor-made development and action plans**.
